SLAT 2025

Selection Process

Introduction

The SLAT 2025 selection process is a multi-stage process. Candidates who clear the SLAT selection procedure will be admitted into the [5-year LLB](#) programmes of the [four Symbiosis Law Schools](#). Law aspirants have to first appear for the [Symbiosis Law Admission Test](#). Shortlisted candidates have to then appear for the online PI round. The final selection of the candidates is done based on the composite scores obtained in both components of the SLAT selection process. [SLAT 2025](#) was conducted in two phases on December 13 and 15. In this ebook get complete details of the selection and admission process of SLAT 2025, courses offered, and more.

SLAT 2025 Selection Process Components and Weights

As mentioned above, the SLAT selection process consists of two components - the [law entrance exam](#) and the PI round. Earlier, the university used to conduct a Written Ability Test (WAT) in addition to the exam and PI. However, the SLAT WAT was removed from the SLAT selection process last year.

SLAT exam is conducted for 60 marks but the marks are scaled to 70 for selection. [SLAT 2025 PI round](#) is conducted for 30 marks. Only those candidates who attend both the components of the SLAT selection process will be considered for admission.

SLAT 2025 Selection Components

Particulars	Marks	Weights
SLAT 2025	70 (scaled)	70%
PI Round	30	30%
