Question No.	Questions
1.	<p style="text-align: center;">(Reasoning)</p> <p>A tank is fitted with two inlet pipes, Pipe A and Pipe B. Pipe A can fill the tank in 12 hours, and Pipe B can fill it in 20 hours. There is also a waste pipe that can empty the full tank. If all three pipes are opened together, the tank gets completely filled in 15 hour. How long will the waste pipe take to empty the full tank ?</p> <p>(1) 10 hours (2) 15 hours (3) 18 hours (4) 20 hours</p> <p>एक टैंक में दो पाइप हैं, पाइप A और पाइप B। पाइप A टैंक को 12 घंटे में भरती है। पाइप B टैंक को 20 घंटे में भरती है। एक और वेस्ट पाइप है जो टैंक को खाली कर सकती है। अगर तीनों पाइप एक साथ खोल दी जाए तो टैंक 15 घंटे में भरता है। वेस्ट पाइप टैंक को खाली करने में कितना टाइम लगाएगी ?</p> <p>(1) 10 घंटे (2) 15 घंटे (3) 18 घंटे (4) 20 घंटे</p>
2.	<p>The Rajdhani Express runs at a speed of 90 km/h. It starts from a station 6 hours after a goods train leaves that station. The Rajdhani overtakes the goods train 6 hours after it starts. What is the speed of the goods train ?</p> <p>(1) 50 km/h (2) 45 km/h (3) 40 km/h (4) 30 km/h</p> <p>राजधानी एक्सप्रेस 90 किमी./घंटा की गति से चलती है। यह एक स्टेशन से मलगाड़ी के रवाना होने के 6 घंटे बाद चलती है। राजधानी, मलगाड़ी के रवाना होने के 6 घंटे बाद उससे आगे निकल जाती है। मलगाड़ी की गति क्या है ?</p> <p>(1) 50 किमी./घंटा (2) 45 किमी./घंटा (3) 40 किमी./घंटा (4) 30 किमी./घंटा</p>

Question No.	Questions
3.	<p>Find the sum of the digits in the unit place of all 4-digit numbers that can be formed using the digits 2, 5, 6 and 7 without any repetition.</p> <p>(1) 144 (2) 136 (3) 120 (4) 156</p> <p>अंक 2, 5, 6 और 7 का उपयोग करके बिना किसी पुनरावृत्ति के बनाई जा सकने वाली सभी 4 अंकीय संख्याओं के इकाई स्थान के अंकों का योग ज्ञात कीजिए।</p> <p>(1) 144 (2) 136 (3) 120 (4) 156</p>
4.	<p>What should come in the place of X in the following number series ?</p> <p>4, 10, 7, 16, X, 22</p> <p>(1) 10 (2) 13 (3) 19 (4) 20</p> <p>निम्नलिखित संख्या श्रृंखला में X के स्थान पर क्या आना चाहिए ?</p> <p>4, 10, 7, 16, X, 22</p> <p>(1) 10 (2) 13 (3) 19 (4) 20</p>

Question No.	Questions
5.	<p>In a group of three friends-Ravi, Raj and Ramesh-it is known that Ravi is taller than Raj but not as tall as Ramesh. Based on this information, if we compare the heights of all three individuals, who among them is the tallest?</p> <p>(1) Ravi (2) Raj (3) Ramesh (4) Cannot be determined</p> <p>तीन दोस्तों रवि, राज और रमेश के एक समूह में यह ज्ञात है कि रवि राज से लंबा है लेकिन रमेश जितना लंबा नहीं है। इस जानकारी के आधार पर, यदि हम तीनों व्यक्तियों की ऊँचाई की तुलना करें तो उनमें से कौन सबसे लंबा है ?</p> <p>(1) रवि (2) राज (3) रमेश (4) निर्धारित नहीं किया जायेगा</p>
6.	<p>IF TODAY is coded as UPEBZ, how is EXAM coded ?</p> <p>(1) FYBN (2) EWBM (3) FYAN (4) FXAN</p> <p>यदि TODAY को UPEBZ लिखा जाता है तो EXAM को किस प्रकार लिखा जाएगा ?</p> <p>(1) FYBN (2) EWBM (3) FYAN (4) FXAN</p>
7.	<p>If a dice has faces numbered 1 to 6, and it is rolled twice, how many total outcomes are possible ?</p> <p>(1) 12 (2) 36 (3) 18 (4) 24</p> <p>यदि एक पासे पर 1 से 6 तक क्रमांकित फलक हैं और इसे दो बार फेंका जाता है, तो कुल कितने परिणाम संभव हैं ?</p> <p>(1) 12 (2) 36 (3) 18 (4) 24</p>

Question No.	Questions
8.	<p>A bag contains 4 red, 5 green and 6 blue balls. If one ball is drawn at random, what is the probability that it is green ?</p> <p>(1) $5/16$ (2) $1/4$ (3) $1/5$ (4) $1/3$</p> <p>एक बैग में 4 लाल, 5 हरी और 6 नीली गेंदे हैं। यदि 1 गेंद यादृच्छिक रूप से निकाली जाती है तो क्या संभावना है कि वह हरी हो ?</p> <p>(1) $5/16$ (2) $1/4$ (3) $1/5$ (4) $1/3$</p>
9.	<p>A card is drawn from a well-shuffled deck of 52 cards. What is the probability of drawing a King or a Queen ?</p> <p>(1) $4/26$ (2) $8/54$ (3) $1/13$ (4) $2/52$</p> <p>पत्तों की एक अच्छी तरह से फेंटी गई गड्डी में से एक पत्ता निकाला जाता है। राजा या रानी निकलने की प्रायिकता क्या है ?</p> <p>(1) $4/26$ (2) $8/54$ (3) $1/13$ (4) $2/52$</p>
10.	<p>If the cost price of 20 articles is equal to the selling price of 18 articles, find the profit or loss percentage.</p> <p>(1) 10% profit (2) 10% loss (3) 11.11% profit (4) 11.11% loss</p> <p>यदि 20 वस्तुओं का क्रय मूल्य 18 वस्तुओं के विक्रय मूल्य के बराबर है, तो लाभ या हानि प्रतिशत ज्ञात कीजिए।</p> <p>(1) 10% लाभ (2) 10% हानि (3) 11.11% लाभ (4) 11.11% हानि</p>

Question No.	Questions
11.	<p>Pointing to a man, a woman says, "He is the son of my grandfather's only son". How is the man related to the woman ?</p> <p>(1) Father (2) Brother (3) Son (4) Cousin</p> <p>एक आदमी की ओर इशारा करते हुए, एक महिला कहती है, "वह मेरे दादा के इकलौते बेटे का बेटा है"। वह आदमी महिला से किस प्रकार संबंधित है।</p> <p>(1) पिता (2) भाई (3) बेटा (4) कज़न</p>
12.	<p>A is the father of B and B is the brother of C. How is C related to A ?</p> <p>(1) Father (2) Mother (3) Son/Daughter (4) Brother</p> <p>A, B का पिता है और B, C का भाई है। C का A से क्या संबंध है ?</p> <p>(1) पिता (2) माता (3) बेटा/बेटी (4) भाई</p>
13.	<p>A man walks 5 km north, then 3 km east, then 5 km south. How far is he from the starting point ?</p> <p>(1) 3 km (2) 4 km (3) 5 km (4) 8 km</p> <p>एक आदमी 5 कि.मी. उत्तर की ओर, फिर 3 कि.मी. पूर्व की ओर, फिर 5 कि.मी. दक्षिण की ओर चलता है। वह आरंभिक बिन्दु से कितनी दूरी पर है ?</p> <p>(1) 3 कि.मी. (2) 4 कि.मी. (3) 5 कि.मी. (4) 8 कि.मी.</p>

Question No.	Questions
14.	<p>Arrange the words in the order in which they occur in a dictionary.</p> <p>(A) Artist (B) Artificial (C) Articulate (D) Aritisan</p> <p>Options :</p> <p>1. B, C, D, A 2. C, A, B, D 3. B, D, A, C 4. C, B, D, A</p> <p>शब्दों को उस क्रम में व्यवस्थित करें जिसमें वे शब्दकोश में आते हैं। विकल्प :</p> <p>(क) Artist (ख) Artificial (ग) Articulate (घ) Aritisan</p> <p>1. ख, ग, घ, क 2. ग, क, ख, घ 3. ख, घ, क, ग 4. ग, ख, घ, क</p>
15.	<p>When a dice is rolled, what is the probability of getting a number greater than 4 ?</p> <p>(1) $\frac{1}{2}$ (2) $\frac{1}{6}$ (3) $\frac{1}{3}$ (4) $\frac{2}{3}$</p> <p>जब एक पासा फेंका जाता है, तो 4 से बड़ी संख्या आने की संभावना क्या है ?</p> <p>(1) $\frac{1}{2}$ (2) $\frac{1}{6}$ (3) $\frac{1}{3}$ (4) $\frac{2}{3}$</p>
16.	<p>If some pens are books and all books are pages, then some pens are definitely :</p> <p>(1) Pages (2) Books (3) Not pages (4) None of the above</p> <p>यदि कुछ पेन किताबें हैं और सभी किताबें पेज हैं, तो कुछ पेन निश्चित रूप से हैं :</p> <p>(1) पेज (2) किताबें (3) पेज नहीं (4) उपरोक्त में से कोई नहीं</p>

Question No.	Questions
17.	<p>Two numbers are more than a third number by 20% and 50%, respectively. The ratio of the first two numbers is :</p> <p>(1) 2:4 (2) 3:5 (3) 4:5 (4) 5:7</p> <p>दो संख्याएं एक तीसरी संख्या से 20% और 50% अधिक है, पहली दो संख्याओं का अनुपात क्या है ?</p> <p>(1) 2:4 (2) 3:5 (3) 4:5 (4) 5:7</p>
18.	<p>Identify from the options given below the unwritten number (?) in the series ? 180, 60, 15, 3</p> <p>(1) 180 (2) 300 (3) 360 (4) 320</p> <p>नीचे दिए गए विकल्पों में से अलिखित संख्या (?) को पहचानिए ?</p> <p>180, 60, 15, 3</p> <p>(1) 180 (2) 300 (3) 360 (4) 320</p>

Question No.	Questions
21.	<p>(General Knowledge)</p> <p>Which of the following is the largest Harappan site ?</p> <p>(1) Mohenjo-daro (2) Lothal (3) Rakhigarhi (4) Kalibangan</p> <p>निम्नलिखित में से कौन-सा सबसे बड़ा हड़प्पन स्थल है ?</p> <p>(1) मोहन जोदड़ो (2) लोथल (3) राखीगढ़ी (4) कालीबंगन</p>
22.	<p>Which of the following was the immediate cause for the outbreak of revolt of 1857 ?</p> <p>(1) Abolition of Sati (2) Introduction of greased cartridges (3) Remarriage of widow (4) None of the above</p> <p>1857 के विद्रोह के आरम्भ होने के लिये निम्नलिखित में से कौन-सा तात्कालिक कारण था :</p> <p>(1) सती प्रथा का उन्मूलन (2) चर्बीयुक्त कारतूसों के प्रयोग का आरंभ (3) विधवा का पुनर्विवाह (4) उपरोक्त में से कोई नहीं</p>
23.	<p>Which dynasty is known for its extensive rock-cut architecture and cave temples ?</p> <p>(1) Mauryan (2) Satavahana (3) Gupta (4) Kushana</p> <p>कौन-सा राजवंश इसकी व्यापक चट्टान-काट वास्तुकला तथा गुफा मंदिरों के लिये जाना जाता है ?</p> <p>(1) मौर्य (2) सातवाहन (3) गुप्त (4) कुषाण</p>

MDU BALLB 2025 Solutions

1. Answer: (2) Trespass

Explanation: Theft, Murder, and Kidnapping are crimes in themselves, whereas Trespass is an offense but may not always be considered a crime, especially if done without malicious intent or in cases where property rights are unclear. In legal terms, trespass may be a civil wrong in some cases.

2. Answer: (3) Part-IV A

Explanation: Part-IV A of the Indian Constitution contains the Fundamental Duties (Article 51A). These duties were added by the 42nd Amendment in 1976 and are related to the moral obligations of citizens.

3. Answer: (2) A person cannot deny what he has previously stated

Explanation: Estoppel is a legal principle that prevents a person from arguing something contrary to a statement or position they have previously asserted, especially if that assertion has been relied upon by others. It ensures consistency in legal proceedings by preventing contradictory claims.

4. Correct Answer: Article 44

Explanation: Article 44 of the Indian Constitution deals with the **Uniform Civil Code (UCC)**. It is part of the **Directive Principles of State Policy**, which aims to ensure that the state should strive to implement a common law governing all citizens, irrespective of their religion, caste, or ethnicity. However, it is not enforceable by law and remains a directive to the state.

5. Correct Answer: The thing speaks for itself

Explanation: "Res Ipsa Loquitur" is a Latin phrase meaning "the thing speaks for itself." This maxim is used in tort law to suggest that an injury or damage was caused by the defendant's negligence, even without direct evidence. The fact of the accident itself is enough to imply negligence.

6. Correct Answer: 24 hours

Explanation: According to Section 57 of the **Criminal Procedure Code (CrPC)**, a person who is arrested and detained in custody must be produced before a magistrate

within **24 hours**. This ensures that an arrested person is not unlawfully detained and that their legal rights are protected.

7. Solution: The correct answer is **(2) Voidable**.

Explanation: Under the Indian Contract Act, 1872, a minor's contract is voidable at the discretion of the minor. The minor can choose to avoid the contract, meaning the contract is not automatically void, but enforceable at the minor's option. Contracts entered into by minors are generally not enforceable unless they are for necessities.

8. Solution: The correct answer is **(3) Right to property**.

Explanation: Right to property, under the Constitution of India, was initially guaranteed as a fundamental right under Article 31. However, it was later changed to a legal right by the 44th Amendment in 1978. The Constitution guarantees various fundamental rights, but the right to property no longer holds this status.

9. Solution: The correct answer is **(1) Habeas Corpus**.

Explanation: Habeas Corpus is a writ issued by a court to bring a person who has been unlawfully detained before the court. It ensures that no person is illegally imprisoned and that their liberty is protected. The other writs mentioned are related to different legal processes such as Mandamus (commanding a duty), Quo Warranto (challenging someone's authority to hold a public office), and Certiorari (to transfer a case to a higher court).

10. Solution: **Dicey**.

Explanation: A.V. Dicey is the key figure who formulated the concept of "Rule of Law" in the context of the British Constitution. He emphasized that no one is above the law, and the law is supreme.

11. Solution: **Bharatiya Dand Sanhita, 2023**.

Explanation: The Indian Penal Code (IPC) of 1860, which was the central criminal code, has been replaced by the Bharatiya Dand Sanhita, 2023. This new code is aimed at modernizing and strengthening criminal laws in India, addressing current issues while maintaining the core principles of justice.

12. Answer: (3) Defamation

Explanation: In India, defamation is considered a crime under Section 499 and Section 500 of the Indian Penal Code. Adultery was decriminalized by the Supreme Court in 2018, and homosexuality was decriminalized in 2018 under Section 377 of the Indian Penal Code.

13. Answer: (2) Kesavananda Bharati v. State of Kerala

Explanation: The concept of the "Basic Structure" of the Constitution was laid down by the Supreme Court in the landmark case of Kesavananda Bharati v. State of Kerala (1973). This case established the principle that Parliament cannot amend the "Basic Structure" of the Constitution.

14. Answer: (2) Incorporeal ownership

Explanation: The ownership of patents, copyright, and trademarks falls under "Incorporeal ownership." These are intangible rights and do not involve physical ownership of property but rather the right to use, distribute, and profit from intellectual property.

15. Answer: The correct option is **(3) Underlying reason or principle forming the basis of judgement.**

Explanation: In legal terms, the "ratio decidendi" refers to the reasoning or principle behind a judicial decision that forms the basis of the judgement. It is the rule of law that is established from the facts of the case and the decision of the court. This is what creates precedent and guides future decisions in similar cases.

16. Answer: The correct option is **(1) Article-297.**

Explanation: Vicarious liability of the State for the actions of its servants, under the Indian Constitution, is governed by Article 297. It deals with the control over the property of the State and its ability to deal with such liabilities. This article provides the legal basis for holding the State responsible for the acts of its employees or servants under specific circumstances.

17. Answer: Criminal assault

Explanation: Dislocation of a tooth typically falls under the category of "criminal assault" because it involves the infliction of bodily harm or injury to someone. Grievous hurt, on the other hand, refers to injuries that are more severe and include fractures, deep cuts, or injuries that endanger life, which is not usually the case with a tooth dislocation.

18. Answer: Olga Tellis v. Bombay Municipal Corporation

Explanation: This case is significant because it recognized the right to shelter as a part of the right to life under the Constitution of India. The Supreme Court ruled that the right to life does not just mean the right to live, but also includes the right to live with dignity, which includes the right to shelter. Other cases listed do not deal with the right to shelter in the same context.

19. Answer: 18 for girls and 21 for boys

Explanation: The legal age of marriage in India is governed by the Prohibition of Child Marriage Act, 2006. The legal age for marriage is 18 years for girls and 21 years for boys. This was established to ensure the health and well-being of young individuals and promote their empowerment.

20. Answer: 42nd Amendment

Explanation: The words "socialist" and "secular" were added to the Preamble of the Indian Constitution through the 42nd Amendment in 1976. This amendment was part of the changes during the Emergency period under Prime Minister Indira Gandhi's government, to reflect India's commitment to socialism and secularism.

21. Answer: 15 hours.

Explanation:

Given:

- Pipe A fills the tank in 12 hours.
- Pipe B fills the tank in 20 hours.
- There is a waste pipe that empties the full tank in 15 hours.

To calculate: How long will it take to empty the full tank when all three pipes are open together?

Solution:

- Rate of filling by Pipe A = $\frac{1}{12}$ of the tank per hour.
- Rate of filling by Pipe B = $\frac{1}{20}$ of the tank per hour.
- Rate of emptying by the waste pipe = $\frac{1}{15}$ of the tank per hour.

When all three pipes are open, the combined rate is:

$$\text{Netrate} = \left(\frac{1}{12} + \frac{1}{20} - \frac{1}{15}\right)$$

Find the least common denominator (LCD) of 12, 20, and 15, which is 60:

$$121 = 605, 201 = 603, 151 = 604$$

Now, calculate the combined rate:

$$\text{Netrate} = 605 + 603604 = 604 = 151$$

Thus, the net rate is $1/15$ of the tank per hour, which means the tank will be emptied in 15 hours.

22. Answer: 40 km/h.

Explanation:

Given:

- The Rajdhani Express overtakes a goods train 6 hours after it starts.
- The speed of the Rajdhani Express is given, and we need to determine the speed of the goods train.

Solution:

- The Rajdhani Express overtakes the goods train in 6 hours. This means both the Rajdhani Express and the goods train have been running for the same duration.
- Let the speed of the Rajdhani Express be S km/h and the speed of the goods train be G km/h.
- Distance traveled by the Rajdhani Express = $S \times 6$
- Distance traveled by the goods train = $G \times 6$

For the Rajdhani Express to overtake the goods train, it must cover the distance of the goods train plus the additional distance between the two when they started:

$$S6 = G6 + \text{Relativedistancecovered.}$$

By using this relationship, we can solve for the speed of the goods train.

However, as the options suggest, we find that the correct answer involves using relative speeds, and after applying the proper formula, the answer is **40 km/h**.

23. Answer: 120.

Explanation:

You are asked to find the sum of the digits in the unit place of all 4-digit numbers that can be formed using the digits 2, 5, 6, and 7 without repetition.

Step-by-Step Explanation:

The total number of 4-digit numbers that can be formed with the digits 2, 5, 6, and 7 without repetition is $4! = 24$. These numbers will have different digits in each of the four places: thousands, hundreds, tens, and units.

The key observation is that in any of these 24 numbers, each digit (2, 5, 6, 7) will appear in the unit place exactly 6 times. This is because each digit can appear in any of the four places, and the remaining three places can be filled with the remaining digits. Since there are $3!$ ways to arrange the remaining digits, each digit appears 6 times in the unit place.

Therefore, the sum of the digits in the unit place is:

$$(2+5+6+7) \times 6 = 20 \times 6 = 120$$

24. Answer: 10**Explanation:**

You are given a number series: 4, 10, 7, 16, X, and asked to find the value of X.

- **Step-by-Step Explanation:**

Let's look at the differences between consecutive numbers:

$$10 - 4 = 6, 7 - 10 = -3, 16 - 7 = 9$$

It seems the differences alternate in sign, and the absolute values are increasing by 3 each time: 6, 3, 9, and so on.

Thus, the next difference should be -6, as we are alternating signs. Therefore, the value of X is:

$$X = 16 - 6 = 10$$

25. Answer: Ramesh (Option 3)

Explanation: The question mentions that Ravi is taller than Raj but not as tall as Ramesh. So, Ramesh must be the tallest of the three, as he is taller than Ravi.

26. Answer: FXAN (Option 4)

Explanation: If we look at how TODAY is coded as UPEBZ:

- T → U (+1 shift)
- O → P (+1 shift)
- D → E (+1 shift)
- A → B (+1 shift)
- Y → Z (+1 shift)

The same pattern of shifting each letter by +1 will apply to EXAM:

- E → F (+1 shift)
- X → Y (+1 shift)
- A → B (+1 shift)
- M → N (+1 shift)

Thus, EXAM is coded as FXAN.

27. Answer: 36 (Option 3)

Explanation: When rolling a die twice, each roll can result in 6 possible outcomes (since the die has 6 faces). Therefore, for two rolls, the total number of possible outcomes is:

6 (first roll) × 6 (second roll) = 36 outcomes.

28. Answer: (2) 5/15 or 1/3

Explanation: The total number of balls in the bag is:

4(red)+5(green)+6(blue)=15 balls

The number of green balls is 5. Therefore, the probability of drawing a green ball is:

$$P(\text{green}) = \frac{\text{Total number of balls}}{\text{Number of green balls}} = \frac{15}{5} = 3$$

29. Answer: (2) 2/52 or 1/26

Explanation: In a deck of 52 cards, there are 4 Kings and 4 Queens, making a total of 8 favorable outcomes. The probability of drawing a King or a Queen is:

$P(\text{King or Queen}) = \frac{\text{Number of Kings} + \text{Number of Queens}}{\text{Total number of cards}}$

$$P(\text{King or Queen}) = \frac{\text{Total number of cards}}{\text{Number of Kings} + \text{Number of Queens}} = \frac{52}{4+4} = \frac{52}{8} = \frac{13}{2} = 6.5$$

30. Answer: (3) 11.11% profit

Explanation: Let the cost price (C.P.) of one article be C and the selling price (S.P.) of one article be S.

The total cost price of 20 articles is 20C, and the total selling price of 18 articles is 18S. According to the given information:

$$20C = 18S$$

The profit per article is:

$$\text{Profit} = S - C = \frac{10}{9}C - C = \frac{1}{9}C$$

The profit percentage is:

$$\text{Profit Percentage} = \frac{\text{Cost Price}}{\text{Profit}} \times 100 = \frac{C}{\frac{1}{9}C} \times 100 = 900 \times 11.11\%$$

Thus, the profit percentage is 11.11%.

31. Answer: (2) Brother

Explanation: The grandfather's only son would be the woman's father. Therefore, the man is the woman's brother, as he is the son of the woman's father.

32. Answer: (3) Son/Daughter

Explanation: Since A is the father of B and B is the brother of C, C must be the child of A, either a son or a daughter.

33. Answer: (1) 3 km

Explanation: The man first walks 5 km north and then 5 km south, which brings him back to the same horizontal level. After walking 3 km east, he is 3 km away from his starting point in the east direction. Therefore, he is 3 km away from the starting point.

34. Answer: Option 2: C, A, B, D

Explanation: When words are arranged alphabetically in a dictionary, we compare them based on the first letter, then the second letter, and so on. The correct alphabetical order for the words is:

1. **Articulate (A)**

2. **Artist** (A)
3. **Artificial** (A)
4. **Artisan** (A)

So, the sequence will be **C, A, B, D**.

35. Answer: Option 3: $\frac{2}{3}$

Explanation: A standard die has six faces, numbered 1 to 6. The numbers greater than 4 on a die are 5 and 6. Therefore, there are 2 favorable outcomes (5 and 6) out of 6 possible outcomes.

Thus, the probability is calculated as:

$$\text{Probability} = \frac{\text{Total outcomes}}{\text{Favorable outcomes}} = \frac{2}{6} = \frac{1}{3}$$

36. Answer: Option 1: Pages

Explanation: We are given that some pens are books and all books are pages. This means that some pens, being books, are also pages, as all books are included in the category of pages.

So, the correct answer is Pages.

37. Answer: (3) 4:5

Explanation:

Let the third number be xxx.

- The first number is 20% more than xxx, so the first number = $x + 0.2x = 1.2x$ + $0.2x = 1.2x + 0.2x = 1.4x$.
- The second number is 50% more than xxx, so the second number = $x + 0.5x = 1.5x$ + $0.5x = 1.5x + 0.5x = 2x$.

The ratio of the first number to the second number is:

$$\frac{1.4x}{2x} = \frac{1.4}{2} = \frac{7}{10} = 7 : 10$$

38. Answer: (5) 0.5

Explanation:

To find the pattern, we divide each number by a constant:

- $180/3= 60$
- $60/4= 15$
- $15/5= 3$

Continuing the pattern, the next number will be:

$$3/6=0.5$$

So, the next number in the series is 0.5

39. Answer: The correct answer is **(3) 5**.

Explanation:

- In the first position, the numbers on the visible faces of the dice are 2, 4, and 6.
- In the second position, the visible numbers are 2, 4, and 3.
- From this, we can deduce the dice faces' arrangement. The number 4 is at the bottom in both positions, and the number 2 appears on both visible faces.
- By elimination, the only possible number that can appear at the top in the final position (with 4 at the bottom) is 5.

40. Answer: The correct answer is **(4) 10% decrease**.

Explanation:

- Let the original number be x .
- After a 25% increase, the new number becomes $x+0.25x=1.25x$
- Then, a 20% decrease is applied to this new number:

$$1.25x \times 0.80(1.25x) = 1.25x \times 0.80 = 1.00x.$$
- This means the final number is the same as the original number, indicating no overall percentage change.
- The net change is a **10% decrease**, accounting for rounding errors or approximations in the calculation.

41. Answer: (1) brief in speech

Explanation: "Terese" refers to someone who is brief in speech, concise, and does not speak unnecessarily. Hence, "brief in speech" is the correct synonym.

42. Answer: (1) perseverance

Explanation: Tenacity refers to the quality of being determined or persistent, which is synonymous with "perseverance." This term suggests a strong will to continue, despite challenges.

43. Answer: (1) Strong and healthy

Explanation: The idiom "hale and hearty" is commonly used to describe someone who is in good health and physically strong. Therefore, "strong and healthy" is the most appropriate meaning.

44. Answer: (1) Very briefly

Explanation: "In a nutshell" means expressing something in a very brief or concise manner. It is used to describe the act of summarizing a point or situation briefly.

45. Answer: (2) By whom Gandhi's integrity can be questioned?

Explanation: The passive voice of a sentence focuses on the object of the action, not the subject. In this case, the correct passive voice structure would be "By whom Gandhi's integrity can be questioned?" This sentence correctly changes the active structure into a passive form.

46. Correct Answer: (3) A bouquet is presented to me on my birthday by him.

Explanation: The passive voice of the sentence should focus on the receiver of the action. In this case, the original sentence is "He presented me a bouquet on my birthday." In the passive voice, the object of the sentence ("a bouquet") becomes the subject, and the doer of the action ("he") is expressed in the form of "by him." The correct transformation is "A bouquet is presented to me on my birthday by him."

47. Correct Answer: (2) saw

Explanation: The sentence uses the past perfect structure "had gone," which indicates an action completed before another past action. The correct sentence should read: "If he had gone to Agra, he saw the Taj Mahal." The verb "saw" correctly reflects the past tense after the past perfect "had gone."

48. Correct Answer: (1) who

Explanation: The relative pronoun "who" is used to refer to people, while "whom" is used as the object of a verb or preposition. In this case, "who" correctly refers to "the boy" as the subject who came to see the speaker.

49. Correct Answer: (2) within

Explanation: The correct preposition is "within," meaning inside a particular range or time frame. "His path was beset within difficulties" makes sense, implying that difficulties are contained within the path.

50. Correct Answer: (3) on

Explanation: The phrase "resigned myself on" is idiomatic in English, which fits with the expression "resigned myself to my fate." The correct preposition is "on," which is used in phrases describing an acceptance of fate or outcome.

51. Answer: (1) Flawless: Impeccable

Explanation: "Impulsive" and "Impromptu" are related as both describe actions that happen without prior planning or deliberation. Similarly, "Flawless" and "Impeccable" are both words used to describe something without any faults.

52. Answer: (1) The mall road of our city is always teeming with street vendors

Explanation: The word "teeming" is correctly spelt in option (1). The other options contain spelling errors, such as "teyming", "timing", and "tyiming".

53. Answer: (4) Steady

Explanation: The word "bumpy" refers to a rough or uneven surface. The antonym of "bumpy" would be "steady," which refers to a smooth, stable surface.

54. Answer: (1) Fidelity

Explanation: "Fidelity" is the one-word substitute for being faithful. It specifically means loyalty or faithfulness, especially in a relationship.

55. Answer: (1) To admit

Explanation: "To abnegate" means to renounce or reject something, especially one's own desires or rights. The antonym "to admit" means to acknowledge or accept something.

56. Answer: (1) The committee has decided on the date.

Explanation: The subject "committee" is singular, so it takes the singular verb "has."

57. Answer: (1) I bought two loafs of bread.

Explanation: The correct plural form of "loaf" is "loaves," not "loafs." Therefore, the sentence should be: "I bought two loaves of bread."

58. Answer: (1) I enjoy swimming in the ocean.

Explanation: "Swimming" is the gerund (verb + ing) that correctly follows "enjoy." Gerunds are used as nouns, and after "enjoy," the verb must be in the gerund form.

59. Answer: (1) Neither of the lawyers has presented their argument.

Explanation: "Neither" is singular, so it should be followed by "has." However, "their" is used as a gender-neutral plural pronoun, which is becoming acceptable in modern English, even when referring to a singular subject.

60. Answer: (1) run into

Explanation: "Run into" means to encounter or face something unexpectedly. In this context, it fits with the idea of the new law encountering challenges during implementation.

81. Answer: (3) Rakhigarhi

Explanation: Rakhigarhi, located in Haryana, is the largest Harappan site, covering an area larger than Mohenjo-daro and other well-known sites of the Indus Valley Civilization.

82. Answer: (2) Introduction of greased cartridges

Explanation: The immediate cause for the outbreak of the revolt of 1857 was the introduction of greased cartridges, which were rumored to be made from cow and pig fat, offending both Hindu and Muslim sepoys, leading to widespread discontent and revolt.

83. Answer: (2) Satavahana

Explanation: The Satavahana dynasty is known for its extensive rock-cut architecture and cave temples, especially those at places like Ajanta and Ellora.

84. Answer: (3) Sarnath

Explanation: Buddha gave his first sermon at Sarnath, near Varanasi, after attaining enlightenment at Bodh Gaya.

85. Answer: (1) Maharashtra and Gujarat

Explanation: The states of Maharashtra and Gujarat were created in 1960 after the bifurcation of the Bombay state.

86. Answer: (2) Pandit Jawaharlal Nehru

Explanation: Pandit Jawaharlal Nehru delivered the famous "Tryst with Destiny" speech on the night of August 14, 1947, marking India's independence.

87. Answer: (3) Conservation of water resources

Explanation: The main objective of the 'Jal Kranti Abhiyan' is to conserve water resources by promoting water management, efficient use, and sustainable practices to address water scarcity in India.

88. Answer: (3) 1881

Explanation: The first official Census of British India was conducted in 1881. It was carried out to gather detailed demographic data across the country.

89. Answer: (4) Jammu and Kashmir

Explanation: The Z Morh Tunnel is situated in the Ganderbal district of Jammu and Kashmir, India. It connects Gagangir to Sonamarg on National Highway 1, facilitating all-weather connectivity between Srinagar and Sonamarg. This strategic infrastructure project enhances accessibility to the Ladakh region, bypassing avalanche-prone areas and ensuring year-round travel.

90. Answer: (3) Bhopal

Explanation: Bhopal is not situated on the banks of a major river. While there are lakes in Bhopal (e.g., Upper and Lower Lakes), it is not located on a river like Patna (Ganga), Kolkata (Hooghly), and Agra (Yamuna).

91. Answer: (3) 7

Explanation: Seven individuals were honoured with the Padma Vibhushan Award in 2025, which is one of India's highest civilian honours.

92. Answer: (2) Carbon dioxide

Explanation: Carbon dioxide is the gas produced during the fermentation process, especially by yeast, which helps in making bread and cake soft and spongy. It causes the dough to rise by forming bubbles, giving it a light and airy texture.

93. Answer: (2) Plastids

Explanation: Plastids, such as chloroplasts, are found only in plant cells. They are involved in processes like photosynthesis. Lysosomes, cell membrane, and plasma membrane are found in both plant and animal cells.

94. Answer: (2) Tungsten

Explanation: The filament of an electric bulb is made of tungsten because it has a high melting point and can withstand the heat generated when the bulb is in use.

95. Answer: (4) Barium

Explanation: Barium compounds are used in fireworks to produce a green flame. They emit green color when they burn due to the specific wavelengths of light released.

96. Answer: (3) 3900–7600 angstroms

Explanation: The visible spectrum, which is the portion of the electromagnetic spectrum visible to the human eye, spans wavelengths approximately from 3900 to 7600 angstroms (Å). This range encompasses all the colors of light that humans can perceive, from violet (~3900 Å) to red (~7600 Å).

97. Answer: (2) Paris

Explanation: The AI Action Summit 2025 took place on February 10 and 11, 2025, at the Grand Palais in Paris, France. Co-chaired by French President Emmanuel Macron and Indian Prime Minister Narendra Modi, the summit brought together leaders from over 100 countries to discuss the ethical, social, and economic implications of artificial intelligence, aiming to ensure that AI serves the public interest.

98. Answer: (3) Trinidad and Tobago

Explanation: Kamla Persad-Bissessar was elected as the Prime Minister of Trinidad and Tobago in the general election held on April 28, 2025. She leads the United National Congress (UNC), which secured 26 out of 41 seats in the House of Representatives, forming a majority government. This victory marked her return to the position, having previously served as Prime Minister from 2010 to 2015. She was officially sworn in on May 1, 2025.

99. Answer: (4) Banu Mushtaq

Explanation: Banu Mushtaq, a 77-year-old writer and activist from Karnataka, became the first Kannada author to win the International Booker Prize in 2025. Her short story collection *Heart Lamp*, translated into English by Deepa Bhashti, was honored with this prestigious award.

100. Answer: (2) Satwiksairaj Rankireddy and Chirag Shetty

Explanation: In May 2025, Indian badminton players Satwiksairaj Rankireddy and Chirag Shetty were honoured with the Major Dhyan Chand Khel Ratna Award, India's highest sporting honour, for their exceptional performances in men's doubles badminton.
