## CHECK 5 TIPS TO PREPARE FOR CTET EXAM

Candidates preparing for CTET exam can take help of the below given preparation tips:

- 1. Know your Syllabus and Exam Pattern:** Candidates, before starting their preparations for the exam must first thoroughly go through the syllabus. The syllabus of CTET comprises all the topics and concepts that will be covered in the exam. Along with the syllabus, candidates must know the exam pattern to know how the exam will be conducted, what types of questions will be asked in the exam, marking scheme and more details relating to the exam.
- 2. Understand Child Development and Pedagogy section:** The Child Development and Pedagogy section comprises of fundamentals to become a good teacher. Candidates preparing for the exam must ace this section to get good marks in the paper. Candidates are advised to prepare separately for the Child Development and Pedagogy section
- 3. Know where you are lacking:** While preparing for the CTET exam, candidates must consistently test their preparations. This way candidates will be able to figure out the subjects and concepts where they are weak at. Once candidates find out their weak areas, they must prepare for such topics separately and excel at them.
- 4. Read the National Curriculum Framework (NCF) 2005 and its Position Papers:** The Indian education system favours a child centric approach to teaching. The NCF 2005 comprises of the best practises for education in India with detailed elaboration on how each subject should be taught. Going through the National Curriculum Framework will help candidates to prepare for the exam in a better manner.
- 5. Practise as many previous year papers and mock tests:** Practising CTET previous year question papers and mock tests will help candidates familiaris themselves with the way how the exam will be conducted. Regularly practising mock tests and question papers will help candidates develop speed and accuracy. Additionally, this will help candidates to identify their weak areas and prepare accordingly.
